

13 August 1947

MEMORANDUM FOR: ASSISTANT DIRECTOR FOR OPERATIONS  
FROM: DEPUTY DIRECTOR  
SUBJECT: Establishment of a Foreign Interrogation  
Branch.

1. Reference is made to your memorandum of 28 July 1947, same subject as above, to the Director.

2. The Director feels that the establishment of the proposed project will run counter to the interests of the Federal Bureau of Investigation without providing information of sufficient value to offset such interference. Further, the expressed wishes of Congress in this connection make it undesirable to implement such a project within the framework of our organization.
